

Enclosure Components / Kapslingskomponenter

Frame Bar Enclosures / Kantskinneopbygninger

FRAME BAR ENCLOSURES

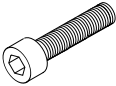

A complete frame-bar construction consists of 8 corners (AHC6) and 12 frame bars (AKA). The framework may be fitted onto baseframes for floor mounting (Pg.6.0) or mounted onto a wall (Pg.27.0).

NB! fasteners to be ordered separately.

KANTSKINNEOPBYGNINGER.

Kantskinneopbygninger sammenskrues af 8 hjørner (AHC6) og 12 kantskinne (AKA). Monteret på fodstykker (side 6.0) kan opbygningerne anvendes som gulvtavler ellers kan de monteres på væg (side 27.0).

NB! Skruer skal bestilles separat.
